Refined colors and design surfaces
for comfortable and contemporary settings.

**Il mondo dell'architettura apre le porte
a un nuovo modo di concepire l'abitare.
Elements Design coniuga eleganza,
attualità e tendenza, regalando
atmosfera dal forte impatto estetico.**

The world of architecture opens the
door to a new way of living. Elements
Design combines elegance, modernity
and trends, giving atmospheres a strong
aesthetic impact.

ELEMENTS

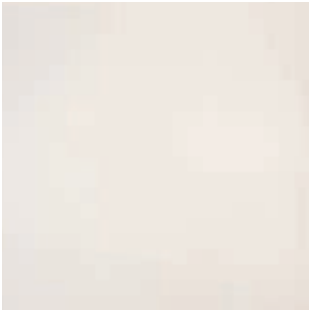

DESIGN

Elements, mix of souls

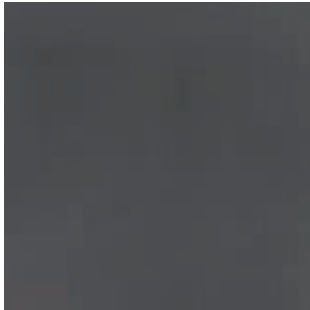

Three inspirations, a unique project.

Frutto di una costante ricerca estetica e tecnologica, Elements Design è parte di Elements, il progetto completo per l’architettura di Ceramiche Keope che unisce in un’armonica sinergia di nuances tre collezioni in *gres porcellanato* dall’ispirazione materica differente. L’ampia *palette* cromatica di Elements Design costantemente arricchita di colori sempre attuali, declinata in una vasta gamma di formati, risulta ideale per vestire ambienti residenziali e commerciali con originalità e attualità, proponendo superfici a campo pieno estremamente versatili. Le tonalità di Silver, Ivory, Beige, Taupe e Grey ed i nuovi Black e White si fanno portavoce di un nuovo modo di concepire gli spazi diventando autentiche icone di stile.

ELEMENTS

Proposte di abbinamenti

Tre elementi ispirativi diversi, tre collezioni moderne e di forte personalità, un unico progetto completo, dinamico ed estremamente innovativo: con Elements, Keope apre la strada ad un nuovo modo di pensare il vivere moderno, dove superfici differenti, complete nella loro essenza, convivono armoniosamente negli spazi, offrendo molteplici soluzioni interpretative. In questa sezione Keope suggerisce una selezione di abbinamenti possibili, studiati per offrire ad architetti e progettisti evoluti strumenti utili per il loro lavoro: è nell'accostamento di Elements Design, Elements Lux ed Elements Natural che si rivela tutto il fascino dell'armonia.

ELEMENTS

Combination proposals

Three different inspirational elements, three modern collections with a strong personality, a unique and complete project that is both dynamic and highly innovative: with Elements, Koepe launches a new way of thinking about modern living, where different surfaces, complete in their essence, live together harmoniously in spaces, offering multiple interpretative solutions. In this section Koepe suggests a selection of possible combinations, designed to provide architects and designers developed and useful tools for their work: it is in the approach of Elements Design, Elements Lux and Elements Natural that the charm of harmony is revealed.

ELEMENTS DESIGN 3D

Disponibile nei sette colori Elements Design, 3D è un’ulteriore soluzione decorativa proposta per il rivestimento. La caratteristica struttura tridimensionale e il formato 50x110 rettificato permettono di avere un’ottima continuità di superficie, impreziosita dalla finitura che risulta particolarmente morbida e setosa.

3D is an additional wall tiling option that offers new decorative inspiration, available in the seven colours of the Elements Design collection. The characteristic three-dimensional structure and the 50x110 straightened-edge format offer a seamless surface, embellished by the particularly soft and silky finish.

ELEMENTS DESIGN

7,5x30 GLOSSY

In linea con i principali trend della decorazione d'interni, Keope introduce nella collezione Elements Design un nuovo formato con una nuova superficie: il mattoncino 7,5x30. Il nuovo formato, proposto nei 7 colori della serie, con finitura lucida ed i bordi appena ammorbiditi che ricordano la matericità della maiolica, costituisce una suggestiva proposta per il rivestimento di elementi verticali sia in ambito commerciale che residenziale.

In line with the main interior design trends, Keope adds a new format, with a new surface, to its Elements Design collection: the 7.5x30 brick. The new format is available in the 7 colours of the series, with glossy finish and slightly softened edges that evoke the texture of majolica. It offers an attractive option for vertical surfaces in commercial and residential spaces.

		RESISTENZA A BASSE CONCENTRAZIONI DI ACIDI ED ALCALI RESISTANCE TO LOW CONCENTRATIONS OF ACIDS AND ALKALIS		SECONDO LA CLASSIFICAZIONE INDICATA DAL FABBRICANTE ACCORDING TO CLASSIFICATION INDICATED BY THE MANUFACTURER	GB MIN.
		RESISTENZA ALLE MACCHIE RESISTANCE TO STAINING	ISO 10545-14	MINIMUM CLASS 3	5

*VALORI MEDI RIFERITI A PROVE FATTE NEGLI ULTIMI 24 MESI - AVERAGE VALUES REFER TO TEST DONE IN THE PREVIOUS 24 MONTHS

Posa, Stuccatura e Pulizia

Tiling, Grouted and Cleaning

Posa:

Una corretta posa in opera, seguendo alcune semplici regole, garantirà un perfetto risultato finale:

- 1) controllare la planarità delle pareti da rivestire;
- 2) posare il prodotto miscelando il materiale prelevato da più scatole;
- 3) maneggiare con cura il prodotto prima e durante la posa;
- 4) Ceramiche Keope consiglia di utilizzare esclusivamente adesivi di classe C2 secondo la normativa europea EN 12004. Utilizzare collanti bianchi per rivestimenti ceramici antiscivolamento. Per un risultato ottimale aggiungere un elasticizzante avendo cura di seguire scrupolosamente le indicazione del produttore, occorre applicare uno strato omogeneo del collante sul sottofondo. Lo spessore del collante può essere regolato utilizzando il lato dentato del frattazzo.

Pulizia:

Utilizzare strumenti per la pulizia perfettamente puliti. Sciacquare sempre le superfici. Per lavaggi frequenti utilizzare semplicemente acqua pulita.

Rivestimento

PREMESSA IMPORTANTE: PER POSA E STUCCATURA RIVOLGERSI A POSATORI PROFESSIONISTI.

Tiling:

Follow the simple rules below to guarantee perfect tiling results:

- 1) Check the walls that are going to be tiled are flat;
- 2) Mix the tiles during tiling by taking them from several boxes
- 3) Handle the tiles with care before and during tiling.
- 4) For installing its wall tiles, Ceramiche Keope recommends the use of class C2 adhesives, in compliance with the European standard EN 12004. Specifically recommended is a white glue for non-slip ceramic covering materials. For top-class results, add an elasticator, taking care to follow the manufacturer's instructions to the letter, and apply an even layer of glue on the underside of the tile. The thickness of the glue can be adjusted using the toothed side of the trowel.

Cleaning:

Use cleaning tools that are perfectly clean themselves. Always rinse off surfaces. Use clean water alone if the surface is washed frequently.

Wall tiles

IMPORTANT NOTE: TILES SHOULD BE LAID AND GROUTED ONLY BY PROFESSIONAL TILE LAYERS.

GREENTHINKING è il progetto Keope nato per rispettare gli obiettivi di sviluppo sostenibile. Keope è una delle aziende oggi più attente alle qualità ecologiche dell'industria ceramica.

Al passo con la più avanzata evoluzione tecnologica, Keope si è impegnata a seguire un severo programma di tutela della eco-sostenibilità iniziato anni fa con l'adesione al Protocollo di Kyoto per ridurre le emissioni di Co2, per arrivare oggi alle certificazioni che attestano la salubrità dei prodotti.

Già vincitrice in passato di premi per il "Green management", Keope è divenuta socia dell'US Green Building Council, per la progettazione di edifici "verdi".

Il marchio "Greenthinking" è il simbolo di questo impegno di Keope nei confronti della natura.

GREENTHINKING is the Keope project designed to meet the objectives of sustainable development.

Keope is actually one of the companies with the higher attention level to the ecological characteristics in the tile industry.

In line with the most advanced technological evolution, Keope has committed itself to a strict programme of eco-sustainability, which began years ago supporting the Kyoto Protocol, to reduce Co2 emissions, and has continued with the attainment of certifications which attest the health of the products.

Winner of awards in the past for the "Green Management", Keope became a member of the US Green Building Council for ecofriendly buildings.

The "Greenthinking" mark is the symbol of Keope commitment to protection of nature.
